

AGRICULTURAL EDUCATION MINOR

This program is available at the following locations:

- Corvallis
- Ecampus

The Agricultural Education minor will help meet both student and employer interests by providing a transcript visible path for students to develop a framework for teaching and learning in a variety of settings within the broad field of agricultural education, including formal and non-formal agricultural education, and outreach and engagement activities in agriculture. All the required core courses and many of the elective courses in this minor are prerequisites for the Master of Science in Agricultural Education degree.

Minor Code: 077

Upon successful completion of the program, students will meet the following learning outcomes:

- Analyze historical and current trends in formal and non-formal agricultural education.
- Apply non-technical career skills specifically related to communication and leadership.
