AGRICULTURAL SCIENCES
MINOR

The Agricultural Sciences minor is designed for students who have an interest in agricultural sciences. The minor is ideal for students who want to add more exposure and content (broadly) within agriculture to their primary major.

The minor requirements listed below are subject to the following:

• 27 credit minimum (15 required, 12 upper-division electives).
• Courses required for a major and taken in the major department may not count towards this minor.
• Students may not use variable credit courses toward the minor.
• Courses used to fulfill the requirements must be taken for a letter grade.
• Agricultural elective courses for this minor must be upper-division credits.
