# FISHERIES AND WILDLIFE SCIENCES MINOR

Also available at LaGrande and via Ecampus.

**Minor Code:** 734

A sequence in general biology equivalent to BI 221, BI 222, BI 223 or BI 204, BI 205, BI 206 is a prerequisite to the Fisheries and Wildlife Sciences minor. A minimum of 27 credits is required with a combination of the following courses. Double counting restrictions, when applicable, are listed for each section. Double counting towards baccalaureate core is permitted.

**Total Credits:** 27

* Baccalaureate Core Course (BCC)
* Writing Intensive Course (WIC)
¹ Double counting is allowed in this section
² Two courses in this section may be double counted
³ None of these courses may be double counted

**Minor Code:** 734
