

# ACCOUNTING GRADUATE OPTION

This option is offered within the following major(s):

- Business Administration - College of Business (<http://catalog.oregonstate.edu/college-departments/business/business-administration-mba-phd/>)

Graduate option for the PhD in Business Administration.

The primary objective of the accounting option is to train doctoral students for careers as professors at high-quality research-oriented universities. This training includes providing them with a program of course work that will prepare them to conduct quality accounting research, involving them in faculty-sponsored research projects as co-investigators and co-authors, and assimilating them into all aspects of the academic accounting profession (e.g., teaching, research, and service).
