College of Business
At the College of Business, we offer more than 25 business and design degrees and degree options with the support and insight of more than 185 area and national businesses. This means you — and your skills — are in demand in the job market when you graduate. We are committed to degree programs that focus on excellent career prospects, and we are committed to being a business school that understands the rapidly transforming business landscape.

We serve students through three locations in Oregon (Corvallis, Bend and Portland) as well as fully online. The virtual fourth campus, Ecampus, is among the top-ranked in the nation, and accessible to students all over the world.

Our accredited business programs and design programs will prepare you with the knowledge, skills and network you need to excel in the workplace.

We offer Bachelor of Arts (BA), Bachelor of Science (BS), Master of Business Administration (MBA), Master of Science in Business (MSB), and Doctor of Philosophy (Ph.D.). The undergraduate and graduate programs in business and the undergraduate program in accounting are all accredited by the Association to Advance Collegiate Schools of Business.

Accreditation
Our undergraduate and graduate business programs and our accounting program are accredited by AACSB International (https://www.aacsb.edu/accreditation/) - The Association to Advance Collegiate Schools of Business. Less than 5 percent of the more than 16,000 schools worldwide granting business degrees have earned AACSB Accreditation and only 1% separately accredit Accounting. To achieve accreditation, a business school must meet a broad range of quality standards and be committed to continuous improvement relating to curriculum, faculty credentials, admissions, degree requirements, information resources, research and scholarship.

High School Preparation
Students planning to enroll in the College of Business are recommended to complete the following high school courses: English, four years; mathematics, four years; history and social studies, three years; foreign language, two years; natural science, two years. In addition, competence in computer word processing, spreadsheet and database software is recommended.

Advising: Transfer Students
We’ve built transfer partnerships and pathways that support learning and degree completion for our students coming from community colleges, other four-year universities and well as those already in the workforce.

We have dedicated, full-time professional academic advisors to support your smooth transfer to the College of Business, and we incorporate our nationally award-winning Blueprint curriculum into your coursework.

Minor Programs
No matter your true passion, there is a business side to every occupation — that is how the world works. As you are investing in your education and your future, we want you to think about the advantages that skills such as entrepreneurial thinking and business innovation can bring to your sphere of expertise — and how business fundamentals are an important part of any career, whether with a global corporation, expanding startup or local family business. We have multiple transcript-visible minors for both College of Business students and students majoring in other disciplines. Contact the College of Business Advising Office, Austin Hall 122, 541-737-3716 for information.
Experiential Learning and Blueprint

Business owners, entrepreneurs, inventors, leaders or community volunteers—you are all welcome here. In the College of Business, our goal is to empower and prepare you to succeed throughout college and into your career. Regardless of major, you’ll develop professional skills like leadership, teamwork, critical thinking, decision-making and communication.

You’ll also learn how to think like an entrepreneur and embrace innovation. That means learning to adapt to a challenging situation and to approach problems with a range of ideas. These are skills that will benefit you in any career.

Experiential learning provides opportunities to develop knowledge and skills through experiences both inside and outside the classroom. Along with running a microbusiness your first year, you will have access to internships, service-learning projects, undergraduate research, study abroad and other creative and professional work projects.

We have a master plan for you, quite literally, and it’s called Blueprint (https://business.oregonstate.edu/blueprint/) — an award-winning series of classes focused on professional and leadership development and financial literacy. We keep you on track to graduate on time, with the skills and network to choose your career, and the savvy to make the big decisions at the right time.

The College of Business Blueprint is now recognized as a breakout success and national paradigm for best practices in education-to-career training.

Our awesome students become our awesome alumni: successful, plugged-in leaders who know how to navigate the world. You’ll feel pride in joining our community from the moment you arrive.

The resources of the OSU Career Development Center (http://career.oregonstate.edu/#) and College of Business Career Success Center (http://business.oregonstate.edu/careers/#) (Austin Hall 102) are available to all students seeking information concerning career development and interviews with visiting firms.

The Arthur Stonehill International Business Exchange Program

The College of Business administers the largest college-administered international business exchange program in the state. This opportunity allows qualified students to study abroad in one of 13 carefully selected and approved programs. Successful completion of course work enables students to earn their option in International Business through this one term of study. A one-credit orientation class is required the term prior to departure, and a reflection paper is due upon return. All courses are taught in English and focus on various aspects of international finance, management, and marketing. Financial aid applies to most programs.

Austin Family Business Program

Maria Schell, Senior Director for Advancement

Since 1985, the College of Business has been a prominent resource for family enterprises in the region and the advisers that support their success. Students can earn a family business minor and a family business option within our business administration degree.

CENTER OF EXCELLENCE FOR BUSINESS ANALYTICS

Bin Zhu, Associate Professor

The Center of Excellence for Business Analytics connects businesses, professionals, students, and faculty with a mission to educate and to exchange ideas on gaining competitive advantages from data. We connect students with corporate-sponsored projects that provide opportunities for students to integrate and apply what they have learned from different classes, to practice communicating with clients/supervisors, and to develop solutions with real-world impact.

CENTER FOR ADVANCING FINANCIAL EDUCATION (OSU CAFE)

Kayleen Salchenberg, Program Manager

The Oregon State University Center for Advancing Financial Education (CAFE) works with students, their families and community members to promote financial literacy through research-based education and support to students at OSU and to communities across the state.

CENTER FOR THE ADVANCEMENT OF WOMEN IN LEADERSHIP

Anne Sinkey, Program Manager

The Center for the Advancement of Women in Leadership empowers students, alumni, business professionals, corporations, and people of all genders with tools, education, and training to foster inclusiveness in the workplace.

CENTER OF EXCELLENCE FOR MARKETING AND CONSUMER INSIGHTS

Johnny Chen, Director

As a marketing research agency, the Center for Marketing and Consumer Insights (CMCI) delivers professional market research and consulting services that provide insight into markets, businesses, and today’s consumers. Our teams are led by marketing faculty who mentor teams of students in the field and in the classroom - providing students with experiential learning opportunities that prepare them for marketing careers.

CENTER FOR SUPPLY CHAIN EXCELLENCE

Zhaohui Wu, Professor

The mission of The Center for Supply Chain Excellence is to be a leading source of knowledge creation and dissemination and experiential learning in supply chain and analytics. We connect students and faculty with industry-defined projects to incorporate real-world case analysis into the classroom experience.

InnovationX Program

Michelle Marie, Program Manager

InnovationX, the Center of Excellence for Innovation and Entrepreneurship, is Oregon State’s hub for student entrepreneurs, innovators and change-makers. We provide the resources, education and community that can help students capture, share and test ideas and turn them into reality.

sales academy

Caitlyn Gill, Director

Our Sales Academy introduces sales fundamentals to students through hands-on workshops and sessions led by industry sponsors. Students
are given the opportunity to interact and network with industry sales executives and participate in regional and nationwide sales competitions.

Continuing and Professional Education
Melanie Mitchell, Director

Learn. Upskill. Master. Transform your life through OSU College of Business’ Continuing and Professional Education courses. Our wide variety of certificates cover topics such as digital marketing, human resources, lean six sigma and management. Take just one course, or a suite of courses to complete your certificate. This will give you the tools to stand out in your current role, a new role or a new career. You’ll learn from experts in the field, who are on top of the latest advancements and best approaches for meeting the challenges of their area. We offer online certificates, Portland executive training and custom corporate training programs taught by College of Business faculty and industry experts. Available courses can be foundonline (https://business.oregonstate.edu/continuing-and-professional-education/).

Students wanting to earn a bachelor of arts degree in the College of Business will need to:

1. Demonstrate proficiency through the second year of a foreign language (foreign language is defined as completing the 213 level of that language with a C or better or getting a signed letter from the School of Language, Culture, and Society that states they have determined the student has that level of proficiency without needing the course work), and
2. Demonstrate cultural awareness by either:
   a. Completing 6 credits of upper-division course work focusing on the culture of regions that commonly use the foreign language in whom the student is proficient, or
   b. Successfully complete a study abroad, global internship, or research experience of at least 10 weeks in a non-English speaking foreign country while enrolled at OSU. This experience must be clearly documented for audit purposes.

Academic and Professional Standards

The standards set forth below apply to all students enrolled in the College of Business and are in addition to those standards applicable to all students in the university. Students are responsible for satisfying these requirements.

Prerequisite Grade Requirements
A grade of C– or better is required for all classes within a College of Business degree program. A higher grade is required in some classes as noted in the catalog.

Academic Progression Standards
Academic progression standards specify the requirements a student must meet in order to graduate with a degree from the College of Business. OSU has minimum GPA standards. The College of Business has additional GPA requirements and standards. Students must satisfy both OSU and College of Business standards to earn their business degree. College requirements apply to minors unless stated otherwise.

The College of Business Progression Standards require that students:

- Achieve a minimum grade of C– or better in all classes used to complete their degree program.
- Maintain a minimum 2.5 GPA over all course work completed within their degree program.
- Complete over fifty percent of the degree program and discipline course work at OSU.
- Resolve all incomplete (I) grades in any classes within the degree program within one year, or prior to graduation, whichever occurs first.
- Make satisfactory progress toward the completion of the degree program in a timely fashion.

The College of Business degree program includes all College of Business classes (ACTG, BA, DSGN, FIN, MGMT, MRKT) taken for major and elective credit and non-College classes that are part of the degree requirements (see table below). Any course used to satisfy College of Business degree requirements must be taken using the A–F grade mode. The Satisfactory/Unsatisfactory (S/U) grade basis may not be used.

Transfer grades in College of Business degree program classes may be used to satisfy coursework requirements but are not used in the overall College of Business GPA calculation used to determine graduation. They are, however, used in the All Inclusive Business GPA. Thus, if a course is completed at OSU and must be repeated to earn a higher grade, then the course must be repeated at OSU for the grade to be included in the GPA calculation.

Lower-division classes (100–200 level) completed at any accredited college or university with a grade of C– or higher may be used to satisfy lower-division core requirements, but will not be included in the overall College of Business GPA. These transfer courses will be used in the All Inclusive Business GPA.

Upper-division classes (300-level and above) completed with a grade of C– or higher at school(s) accredited by the Association to Advance Collegiate Schools of Business may be used to satisfy upper-division core and discipline-specific course work requirements, but will not be included in the overall College of Business GPA calculation. These transfer courses will be used in the All-Inclusive Business GPA.

## Guiding Professional Standards for the College of Business Community

As a member of the College of Business community, you should strive to:

- treat others with honesty, respect, and courtesy;
- maintain the highest levels of academic integrity;
- act in accordance with ethical and social responsibilities;
- foster a professional learning environment; and
- act in a professional manner.

You are also expected to comply with the law as well as all university regulations and policies that apply to you. Those university policies include, but are not limited to, the University Student Conduct Regulations, the university’s Discrimination and Harassment Policies and the university’s Policy on Acceptable Use of Computing Resources. Failure to comply with these laws, regulations, and policies may result in the pursuit of disciplinary action by the college, as detailed further below.

## General Statement on Professional Conduct and Academic Integrity

The Guiding Professional Standards for the College of Business community, subscribed to by all members of the College of Business community, are intended to support and implement the values held by the college. Those values encompass the pursuit of excellence in teaching, learning and scholarship. All members of the College of Business community accept our responsibility to strive to meet those standards and to act in an ethically proper manner in our dealings with others. We dedicate ourselves to create and nurture a culture of innovation, cooperation, diversity and mutual respect within the College of Business while recognizing and pursuing the social responsibilities imposed by these values.

A reputation for personal integrity is valuable in the business and broader world. A good reputation is created through personal behavior and performance over time that is observed by friends, colleagues, and business associates, both superiors and subordinates.

The students, faculty, administrators and staff of the College of Business are committed to fostering and creating a positive, professional learning environment. These goals will be pursued by conduct that is honest, civil, courteous and responsible.

### College of Business Corrective Actions for Failure to Meet Academic or Professional Standards

The College of Business Corrective Actions govern the college’s response to a student’s failure to progress adequately academically in the college or a violation of the law or University regulations and policies that apply to the student, including the Guiding Professional Standards of the college, the university Student Conduct Regulations, the university’s Discrimination and Harassment Policies, or the university’s Policy on Acceptable Use of Computing Resources. As is the case for all students, College of Business students are also subject to the University’s Student Conduct Regulations and the procedures for enforcement of those regulations.

A failure by the student to progress adequately academically or a violation by the student of any of the college or university standards or policies listed in the above paragraph may result in the pursuit of one or more of the actions detailed below, including dismissal of the student from the college. The college will notify a student against whom it pursues such action with information about the effect of the action on the student’s status in the college and information regarding how the student may respond to or appeal the action.

A student against whom the college pursues such action will be issued one of the following notices, depending on the student’s academic status or the severity or frequency of the behavior resulting in the action:

### Warning For Academic and Professional Behavior

‘Warning’ status is cautionary and is issued for one or more of the following academic reasons:

- Earning a ‘D’ or ‘F’ grade in a College of Business degree program class.
- A small deviation below the minimum 2.50 College of Business GPA requirement.
- Failure to complete College of Business degree program coursework in a timely fashion.

A warning may also be issued to identify student behavior, which may place a student’s enrollment status in the college at risk. The warning status may be removed following satisfactory resolution of behavioral concerns, as determined by the college.

### Probation for Academic and Professional Behavior

If a student has larger deviations from the College of Business academic progression standards than those defined for a warning, or if the student continues to be out of compliance with any of the College of Business academic progression standards following a Warning, the student may be placed on probation and may be required to take specific action to correct the problem(s).

Student behavior that is a significant departure from the law, college or university regulations and policies that apply to the student may also result in ‘Probation’ status. Such behavior includes, but is not limited to, academic dishonesty, criminal violations, repeated or intentional violation of University policies, or significant breaches of the University Student Conduct Regulations, the University’s Policy on Discrimination and Harassment or the University’s Policy on Acceptable Use of Computing Resources.

A student on probation status must follow recommendations of the college in order to avoid suspension or dismissal. Students on probation status should meet with an advisor each term to review their progress.

  - ART 101, ART 204, MTH 111, ECON 201, WR 121
- **BA Classes:**
  - BA 315, BA 352, BA 354, BA 390, DSGN 341, MGMT 364, MRKT 492, MRKT 495
- **Non-BA Class:**
  - All ACTG, BA, DSGN, FIN, MGMT, MRKT courses completed as part of the design degree
and standing in the college until the probation status is removed. Students who successfully fulfill the recommendations will be removed from probation status. Students who fail to follow recommendations from advisors or are unsuccessful in correcting deficiencies will be placed on suspension and evaluated for dismissal from the college.

Probation may also be continued if a student is still out of compliance with academic or behavioral requirements but is taking steps to correct the problem(s) identified.

**Suspension for Academic and Professional Behavior**
A student may be placed on suspension and evaluated for dismissal from the college if the student does not take steps to become compliant with the college’s academic progression standards (such as retaking a class the student has failed), or the student is not making adequate progress in correcting the student’s academic problems.

A student may be placed on suspension and evaluated for dismissal from the college if the student’s behavior is a sufficiently severe and significant departure from the law, college or university regulations and policies that apply to the student, or the student fails to constructively address previous behavioral concerns after college actions.

In the event of a second instance of academic dishonesty, the student will be suspended and evaluated for dismissal from the college.

A student placed on suspension status for academic or behavioral reasons will not be allowed to progress in the college.

**Dismissal from the College**
Students placed on suspension status will be evaluated for dismissal from the college. The college will review the student’s record, including any interim proof of progress. After review, the college may recommend immediate dismissal from the college, recommend that the student be continued on suspension status pending receipt of additional information, or prescribe a plan to address specific concerns that resulted in the student’s suspension status. If a plan for progression is developed by the college, the student will be placed on probation status pending satisfactory progress.

If dismissed from the college, the student must wait a minimum of one term before reapplying for admission to the college and must meet current criteria for admissions to the college.

If the student was dismissed and later qualifies for readmission, and the college’s academic standards or requirements have changed since the student was last a College of Business major, the student will be subject to the more recent standards or requirements.

**Appeal of Academic or Corrective Status**
Students engaged in an appeal of their dismissal from the college will remain on suspension status pending resolution of their appeal.

1. Any student who wishes to challenge the student’s academic or corrective status at the college must submit an appeal in writing to the dean of the college within seven (7) calendar days following the issuance of a notice from the college identifying the student’s status. The request for an appeal must include specific justification, including errors, failure to consider all of the evidence presented, or any other action, including any new evidence not known at the time of the original meeting, that may change the outcome. The dean may refer the issue back to the college’s standing committee for review.

2. The student may appeal the dean’s decision to the Oregon State University Provost in writing within seven (7) calendar days following the issuance of a decision by the dean. The provost’s decision on the appeal is the university’s final decision.

Our faculty are committed professors and passionate mentors. They also are corporate leaders, experienced entrepreneurs, industry experts and renowned researchers. That means you’re learning the foundations of business from the best. You’re sharing a classroom with thinkers who are ahead of the curve and ahead of the very textbooks they use to teach (and may be updating in their spare time).

They run businesses, hold patents, practice law, speak several languages and publish in prestigious academic journals as well as well-known business magazines. They are committed to building a unique experience for your college journey. And they want you to achieve excellence.

School Leadership

The College of Business, responding to an increase in students, academic programs and student success services over the past years, has grown to include 138 research faculty and instructors. In light of this growth, we’ve announced the formation of three new schools.

The schools are designed to support faculty by providing additional research support, cross-disciplinary thought leadership and mentoring, and also professional development opportunities. We also aim to streamline communications between our growing faculty and college executives with this new leadership paradigm.

Each school is home to three academic programs and close to 1,500 students, allowing for increased attention on experiential learning opportunities within the school and across academic disciplines.

**Accounting (ACTG)**

**ACTG 317, EXTERNAL REPORTING I, 4 Credits**

Examines the theory and practice of financial accounting, the processing and controls phases of the accounting system, and reporting to external parties. Emphasis is placed on the accounting cycle and financial statement structure and content. The emphasis on the accounting cycle includes the processing and tracing of transaction data from source documents to financial statements.

**Prerequisite:** (BA 211 with C or better or BA 211H with C or better) and (BA 213 [C] or BA 213H [C])

**Equivalent to:** BA 317

**ACTG 318, EXTERNAL REPORTING II, 4 Credits**

Continuation from ACTG 317 and the theory and practice of financial accounting and the reporting to external parties. Covers financial reporting objectives to provide information that is useful in investment and credit decisions, in assessing cash flow prospects, and about company resources and claims to those resources.

**Prerequisite:** ACTG 317 with C or better

**Equivalent to:** BA 318

**ACTG 319, EXTERNAL REPORTING III, 4 Credits**

Continuation from ACTG 318 and the theory and practice of financial accounting and the reporting to external parties. Covers financial reporting objectives to provide information that is useful in investment and credit decisions, in assessing cash flow prospects, and about company resources and claims to those resources.

**Prerequisite:** ACTG 318 with C or better

**Equivalent to:** BA 319

**ACTG 321, COST MANAGEMENT I, 4 Credits**

Reinforces and builds on the language and concepts of management accounting. Emphasizes different models for product costing and examines their effects on profit planning, budgeting, motivation, and control.

**Prerequisite:** ACTG 317 with C or better

**Equivalent to:** BA 321

**ACTG 326, ACCOUNTING RESEARCH METHODS AND TOPICS, 2 Credits**

Covers the theory and practice of corporate financial reporting. It highlights the development of generally accepted accounting principles (GAAP) and accounting policy choices from two perspectives. First, it examines accounting policy making at the macro (standard setter) level, as well as to examine the past, present, and future role of standard setters in formulating accounting policy. Second, from the micro or company level, it will use cases involving decisions in financial reporting to evaluate accounting conventions, particularly with regard to how those decisions reflect economic reality and the quality of earnings. It will also conduct applied accounting research.

**Prerequisite:** (BA 211 with C or better or BA 211H with C or better) and (BA 213 [C] or BA 213H [C])

**ACTG 378, ACCOUNTING INFORMATION MANAGEMENT, 4 Credits**

Introduces students to the field of information management. Topics include information systems technology, the strategic role of IT, the business applications of networks, databases and Internet technologies, the system life cycle model, systems analysis and design methodologies, and the development and implementation of information systems. Lec/rec.

**Prerequisite:** (BA 213 with C or better or BA 213H with C or better) and (BA 270 [C] or BA 270H [C] or BA 302 [C]) and (BA 275 [C] or BA 275H [C] or BA 276 [C])

**Equivalent to:** ACTG 378H, BA 378

**ACTG 378H, ACCOUNTING INFORMATION MANAGEMENT, 4 Credits**

Introduces students to the field of information management. Topics include information systems technology, the strategic role of IT, the business applications of networks, databases and Internet technologies, the system life cycle model, systems analysis and design methodologies, and the development and implementation of information systems. Lec/rec.

**Attributes:** HNRS – Honors Course Designator

**Prerequisite:** (BA 213 with C or better or BA 213H with C or better) and (BA 270 [C] or BA 270H [C] or BA 302 [C]) and (BA 275 [C] or BA 275H [C] or BA 276 [C])

**Equivalent to:** ACTG 378

**ACTG 379, ACCOUNTING ANALYTICS, 4 Credits**

Covers the analysis of data as it pertains to accounting professionals. The focuses include analytic techniques for decision making and the examination of “big data” involving accounting information. Hands-on experiences will develop skills with select software tools used in data analytics for accounting professionals.

**Prerequisite:** ACTG 318 with C or better and (ACTG 378 [C] or ACTG 378H [C])

Equivalent to: BA 466

BA 467, NEW VENTURE LABORATORY, 4 Credits
Entrepreneurship capstone course. Fully develop a business plan including product specs with prototype, financial analysis, market analysis, marketing plan, management structure and proposed financing.
Prerequisite: (BA 357 with C- or better or BA 357H with C- or better) and BA 458 [C-]
Equivalent to: ENGR 467

BA 468, TECHNOLOGY COMMERICALIZATION, 2-4 Credits
‘Hands on’ class in which students will exercise commercialization concepts on recently awarded Oregon State University patents or individual commercialization projects. Students will learn a process and tools to assess the business viability of a technical idea, and to develop the best business approach for commercialization.
Prerequisite: BA 363 with C- or better
Equivalent to: BA 468X
This course is repeatable for 8 credits.
BA 474, DATA MANAGEMENT, 3 Credits
Familiarize students with the major activities involved in collecting and managing data for a data analytics project, including extracting information from relational databases, mapping organizational requirements into a data design, transforming data into information, and exploring basic concepts underlying noSQL data management and analysis methods.
Prerequisite: BA 481 with C- or better or BA 483 with C- or better
Available via Ecampus

BA 475, DATA EXPLORATION AND VISUALIZATION, 3 Credits
Exploring and visualizing data in business analytics projects. We will focus on exploring and wrangling data to discover interesting analysis questions and prepare for other analytics activities. We will pay special attention to data visualization methods and their overall place in data science and business analytics.
Prerequisite: BA 481 with C- or better or BA 483 with C- or better
Available via Ecampus

BA 476, DATA AND TEXT MINING, 3 Credits
Introduces the concepts and applications of data and text mining. As the core of business analytics, mining structured and unstructured information is critical for better decision making by deriving valuable insights from your enterprise data repositories regardless of source or format. It allows deep, rich analysis of information. Data/text mining can help organizations surface undetected problems, fix process inefficiencies, improve customer service and corporate accountability, reduce operating costs and risks and discover new revenue opportunities. Student groups will implement a comprehensive project of data/text analytics.
Prerequisite: BA 474 with C- or better and BA 475 [C-]

BA 478, SUPPLY CHAIN ANALYTICS, 3 Credits
Explores modeling methods for design, analysis, execution and integration of supply chains. Introduces students to a variety of modeling and optimization techniques for the analysis of strategic, tactical and operational supply chain problems, including demand forecasting, risk analysis, revenue management, distribution and facility location.
Prerequisite: (BA 357 with C- or better or BA 357H with C- or better) and (BA 375 [C-] or BA 375H [C-])
Available via Ecampus

BA 479, BUSINESS TELECOMMUNICATIONS AND NETWORKING, 4 Credits
Provide a fundamental understanding of the five-layer Internet model and its effects on the business environment and enterprise-wide computing. Assignments relate to network administration in a virtualized cloud environment.
Prerequisite: BA 270 with C- or better or BA 270H with C- or better

BA 480, INFORMATION SYSTEMS SECURITY, 4 Credits
Covers security risk mitigation methods and procedures such as access control, identity management, intrusion prevention and detection, network and physical security, etc. These and other topics will be placed in both the operational and strategic context of the business. Addresses several IS governance and IS security frameworks within which the various security concepts, aspects, policies and procedures can be viewed and discussed.
Prerequisite: (ACTG 378 with C- or better or ACTG 378H with C- or better or BA 370 with C- or better or BA 370H with C- or better) and BA 479 [C-]

BA 481, INTRODUCTION TO BUSINESS ANALYTICS, 4 Credits
How organizations can successfully collect, evaluate and apply information for better decision making. Emerging technologies such as transaction processing systems, RFID, weblogs, social networks, website usage, and online communities have the potential to reveal market trends, suppliers’ preferences, and competitors’ next moves. The success of an organization largely depends on its ability to take advantage of those data sets that are already available to it. The class starts with basic IT strategy concepts for the identification of the opportunities for BI solutions, and ends with hands-on experience using Business Intelligence tools to implement such solutions.
Equivalent to: BA 483
Available via Ecampus

BA 482, INFORMATION SECURITY GOVERNANCE, 4 Credits
As a discipline cybersecurity covers software, hardware, networking, systems, individuals, organizations and applicable policies, laws and standards, among others. Given societies’ dependence on the security of global infrastructure and the increasing complexity of maintaining the security of those systems, there is a growing need for an interdisciplinary approach to study this topic. This course introduces several well-regarded and well-used IT and IT security governance frameworks which can be used to apply and govern security policies and protocols in organizations. The course also delves into SOC IT auditing.
Available via Ecampus

BA 483, BUSINESS ANALYTICS, 4 Credits
Presents how organizations can successfully collect, evaluate and apply information for better decision making. Technologies such as transaction processing systems, RFID, weblogs, social networks, website usage, and online communities have the potential to reveal market trends, suppliers’ preferences, and competitors’ next moves. The success of an organization largely depends on its ability to take advantage of those data sets that are already available to it.
Prerequisite: BA 371 with C- or better and BA 479 [C-]
Equivalent to: BA 481

BA 487, HOSPITALITY FINANCIAL MANAGEMENT, 4 Credits
Introduces students to the evaluation of investments in competitive products and services as sustainable strategies for the hospitality industry.
Prerequisite: BA 360 with C- or better and BA 486 [C-]
BA 488, ADVANCED HOSPITALITY MANAGEMENT, 4 Credits
Designed to provide students with an in-depth understanding of the importance of core competencies in the hospitality industry in terms of overall value addition, competitive methods, and competitive advantage, taking into consideration both present and future effects.
Prerequisite: BA 352 with C- or better

Prerequisite: BA 573 with C or better
Available via Ecampus

BA 575, DATA EXPLORATION AND VISUALIZATION, 3 Credits
In this course we concentrate on the initial, exploratory phases of business analytic data analysis. We explore different types of data and the types of analysis they allow; aggregating and disaggregating data and issues of validity with both selecting and collecting data. We also start exploring one or more datasets relating to our Integrated Business Analytics Project (BA 577).
Prerequisite: BA 573 with C or better
Available via Ecampus
**BA 576, DATA AND TEXT MINING, 3 Credits**
Examine how data/text analysis technologies can be used to improve decision making. The class covers the fundamental principles and techniques of data mining, text analysis, and uses real-world examples and cases to place data-mining techniques in context. Students will have hands-on experience with data/text mining software.
**Prerequisite:** BA 574 with C or better and BA 575 [C]
Available via Ecampus

**BA 577, INTEGRATED BUSINESS ANALYTICS PROJECT, 3 Credits**
Students will integrate what they have learned to solve industry-sponsored problems. The goal of the class is to provide students with opportunities to design, implement, and evaluate analytic solutions for a real-world enterprise. Student teams will examine the data requirements, technical requirements, and organizational requirements necessary for the success of analytical solutions. The project will give students the experience of leading and managing an analytical team, much as a Chief Analytics Officer (CAO) would be expected to do.
**Prerequisite:** BA 555 with C or better and BA 574 [C] and BA 575 [C]
Available via Ecampus

**BA 578, SUPPLY CHAIN ANALYTICS, 3 Credits**
Explores modeling methods for design, analysis, execution and integration of supply chains. Introduces students to a variety of modeling and optimization techniques for the analysis of strategic, tactical and operational supply chain problems including demand forecasting, risk analysis, revenue management, distribution and facility location.
**Prerequisite:** BA 555 with B- or better
Available via Ecampus

**BA 590, MARKETING MANAGEMENT, 3 Credits**
Provides students with an understanding of how a market-orientation can help firms to profitably deliver value to their targeted customers. Through a combination of lectures, in-class exercises, and case discussions, students will learn how to analyze complex marketing challenges, and make strategic decisions based on established marketing management principles.
**Recommended:** BA 390 with a minimum grade of C-
Available via Ecampus

Specific research methods covered may change from quarter to quarter, but sample topics include use of basic econometric models for analysis of archival data, experimental methodologies, qualitative research techniques, and survey research.

**BA 660, FOUNDATIONS OF ENTREPRENEURSHIP RESEARCH, 3 Credits**
Provides a broad overview of the foundations of entrepreneurship research, including theoretical underpinnings of the field as well as some of the common and/or promising approaches to the study of entrepreneurial phenomena.

**BA 661, DOCTORAL SEMINAR IN ORGANIZATIONAL THEORY, 3 Credits**
Surveys research on classic and contemporary developments in basic organizational theory.
BA 662, CORPORATE ENTREPRENEURSHIP AND NEW VENTURES, 3 Credits
Surveys research in the area of corporate entrepreneurship and venturing, focusing on relevant theoretical underpinnings and core concepts in the corporate entrepreneurship, entrepreneurship, and strategy literatures.

BA 663, STRATEGIC MANAGEMENT, 3 Credits
Surveys research exploring the central question in strategy: Why do some firms outperform others? The course considers a wide variety of foundational and contemporary issues in the field, and while specific topics may change from quarter to quarter, sample topics include competitive and cooperative interactions, the resource-based view and firm capabilities, organizational learning and adaptation, and industry evolution.

BA 664, TECHNOLOGY AND INNOVATION MANAGEMENT, 3 Credits
Surveys research on the management of innovation and technology in organizations, focusing on innovation as an outcome (product, service, technology, practice) and on the process of generation, adoption, and implementation of innovation in organizations.

BA 808, WORKSHOPS, 0-16 Credits
Workshops aimed at practicing professionals in the discipline. Topics may vary.

Design (DSGN)

DSGN 121, COMPUTER AIDED DESIGN, 3 Credits
Introduction to the Adobe Creative Suite: Illustrator and Photoshop. Instruction in drawing, image editing, flat illustrations and textile design. Lec/studio.
Equivalent to: DSGN 221
Available via Ecampus

DSGN 199, SPECIAL TOPICS, 1-6 Credits
This course is repeatable for 12 credits.

DSGN 226, SPECIFICATION BUYING, 4 Credits
Introduction to terminology, assembly process, quality factors, and costs in the development of sewn product specifications. Lec/lab.

DSGN 244, COLOR INNOVATION, 4 Credits
The aesthetics, meaning, and perception of color provide the foundational knowledge in this course.
Equivalent to: DSGN 244H

DSGN 244H, COLOR INNOVATION, 4 Credits
The aesthetics, meaning, and perception of color provide the foundational knowledge in this course.
Attributes: HNRS – Honors Course Designator
Equivalent to: DSGN 244

DSGN 253, PROFESSIONAL DEVELOPMENT, 3 Credits
Introduces career management process. Emphasizes ongoing, systematic nature of process. Topics include self-assessment, career exploration, preliminary employment strategies.
Prerequisite: DSGN 121 with C- or better
Equivalent to: BA 253, BA 253H, BA 281, BA 281H, BA 291, BA 292, BA 294, BA 295, BA 353, BA 381, BA 382, BA 384, BA 385

DSGN 255, TEXTILES, 4 Credits
Equivalent to: DHE 255

DSGN 276, INTRODUCTION TO MERCHANDISING MANAGEMENT, 4 Credits
Provides the introductory knowledge necessary to prepare students for working in the retail industry. Introduces students to the retail industry including basic terminology, industry history, and to merchandising management decisions. Prepares students for more advanced knowledge acquired in the Merchandising Management concentration.

DSGN 281, DRAWING AND SKETCHING, 4 Credits

Equivalent to: BA 312

DSGN 313, THE ORANGE AND BLACK CASE COMPETITION, 1 Credit
Part of Blueprint – a 12 course professional development course series to guide the student from college to career. Strengthens students’ foundational business knowledge, critical thinking abilities, and team collaboration skills through a college-wide case competition.
Prerequisite: BA 260 with C- or better or BA 260H with C- or better
Equivalent to: BA 313

DSGN 327, PERFORMANCE APPAREL INNOVATION I, 4 Credits
Develop innovative performance apparel from technical specifications or prototypes. Analysis of apparel construction related to equipment, cost, quality, end use and customer needs. Lec/lab.
Prerequisite: DSGN 226 with C- or better

DSGN 328, DIGITAL DESIGN FOR APPAREL, 3 Credits
Computer-aided flat pattern, grading and marker techniques using industry relevant pattern development software.
Prerequisite: DSGN 327 with C- or better

DSGN 329, SPORTSWEAR INDUSTRY COLLABORATION, 3 Credits
Industry lead team project. Creation of briefs, sketch, pattern, design textile prints, construct prototypes based on identified consumer and company.
Prerequisite: DSGN 327 with C- or better

DSGN 330, FASHION FORECASTING AND MARKET ANALYSIS, 4 Credits
Forecasting and market analysis processes applied to fashion goods. (Writing Intensive Course)
Attributes: CWIC – Core, Skills, WIC
Prerequisite: WR 222 with C- or better or WR 323 with C- or better or WR 327 with C- or better

Equivalent to: DSGN 341H

DSGN 341H, DESIGN THINKING AND PROCESS INNOVATION, 4 Credits
Application of a qualitative, multi-method approach to gain insight into how the consumer experience can be improved within a given context. Application of design thinking principles to identify and develop solutions to improve consumer experience within a given context.
Attributes: HNRS – Honors Course Designator
Equivalent to: DSGN 341

DSGN 342, INTRODUCTION TO DESIGN MANAGEMENT, 4 Credits
Introduces the foundations and concepts of design strategy and creative development.
Prerequisite: DSGN 341 with C- or better

DSGN 343, IDEA VISUALIZATION, 4 Credits
Focuses on the design process through visual communication of ideation and sketching.
Prerequisite: DSGN 342 with C- or better

DSGN 356, SPECIFICATION AND EVALUATION OF PERFORMANCE MATERIALS, 3 Credits
Specification of materials for athletic and outdoor apparel to enhance human comfort, safety, and performance.
Prerequisite: DSGN 255 with C- or better
DSGN 357, EVALUATION OF PERFORMANCE MATERIALS LABORATORY, 1 Credit
Evaluation of materials for athletic and outdoor apparel to enhance human comfort, safety, and performance.
Prerequisite: DSGN 255 with C- or better and DSGN 327 [C-]
Corequisites: DSGN 356
Recommended: Concurrent enrollment with DSGN 356

DSGN 372, MERCHANDISE PLANNING AND CONTROL, 4 Credits
Quantitative analysis of inventory planning, pricing, and control for the profitable management of soft goods; analysis of management problems using quantitative data and merchandising principles.
Prerequisite: DSGN 276 with C or better
Equivalent to: DSGN 472

DSGN 377, RETAIL AND MERCHANDISING, 4 Credits

An introduction to the manufacture, characteristics, sustainability, and use of construction materials in commercial and residential construction.
Equivalent to: DHE 283

DSGN 387, STUDIO III: ADVANCED DESIGN COMMUNICATION, 4 Credits
Development of presentation and Building Information Modeling (BIM) skills through various computer programs including Adobe Illustrator, Adobe PhotoShop, Sketchup, and Revit Architecture. In-class exercises and take-home assignments.
Prerequisite: DSGN 287 with C- or better

DSGN 388, STUDIO IV: HOSPITALITY DESIGN, 4 Credits
Study and design of hospitality spaces in compliance with building codes and industry standards, with emphasis on sustainability, safety, and cultural context.
Prerequisite: DSGN 387 with C- or better

DSGN 394, STUDIO V: LIGHTING DESIGN, 4 Credits
Lighting design and documentation for residential and small commercial projects. The commercial projects include space planning and lighting design for workspace and retail environments. Lec/Studio.
Prerequisite: DSGN 388 with C- or better
Equivalent to: DHE 394

DSGN 403, THESIS, 1-16 Credits
This course is repeatable for 16 credits.

DSGN 405, READING AND CONFERENCE, 1-16 Credits
Equivalent to: DHE 405
This course is repeatable for 16 credits.

DSGN 406, PROJECTS, 1-16 Credits
This course is repeatable for 16 credits.

DSGN 407, SEMINAR, 1-16 Credits
Equivalent to: DHE 407
This course is repeatable for 16 credits.

DSGN 408, WORKSHOP, 1-16 Credits
Equivalent to: DHE 408
This course is repeatable for 16 credits.

DSGN 409, PRACTICUM, 1-16 Credits

Develop innovative performance apparel from technical specifications or prototypes. Analysis of apparel construction related to equipment, cost, quality, end use and customer needs. Lec/lab.
Prerequisite: DSGN 327 with C- or better

DSGN 428, TECHNICAL SPORTSWEAR SIZING AND FIT, 4 Credits
Development of sizing and grading systems used in sportswear and evaluation of garment fit by use of virtual and physical prototypes.
Prerequisite: DSGN 327 with C- or better

DSGN 429, FUNCTIONAL DESIGN AND PRODUCT DEVELOPMENT, 4 Credits
Design processes and research methods used to create functional designs. Students will identify design problems and develop design brief and functional product line for identified target company. Lec/lab.
Prerequisite: DSGN 428 with C- or better

DSGN 440, DESIGN RESEARCH, 4 Credits
Surveys design principles, methods and applications in business outcomes. Application of design research is investigated and analyzed in group projects.
Prerequisite: DSGN 343 with C- or better

DSGN 441, SERVICE DESIGN INNOVATION, 4 Credits
Focuses on the impact that service design has on business enterprises. Creative ideation, critical analysis, and innovative thinking are integrated as foundations for service design outcomes.
Prerequisite: DSGN 440 with C- or better

DSGN 442, MATERIALITY AND MAKING FIELD PROJECT, 4 Credits
Focuses on material properties and specifications. Students work in the makerspace to design product outcomes.
Prerequisite: DSGN 440 with C- or better
Equivalent to: DHE 442

DSGN 464, CONTEMPORARY HISTORY OF INTERIORS AND HOUSING, 3 Credits
History of interior design from the mid-19th century to the present.
Prerequisite: ART 204 with C- or better or ART 205 with C- or better or ART 206 with C- or better

DSGN 471, RETAIL PRESENTATION STRATEGIES, 4 Credits
Provides an overview of, and examines competitive presentation strategies within, retail environments and channels (e.g., in-store, catalog, online, mobile) by integrating the principles and elements of design with sensory marketing.

Introduction to the food-service, lodging, and tourism components of the hospitality industry, and the essential leadership and management skills necessary for success in the field. Background information, current issues, and future challenges in various segments of the industry are included.

HM 210, HOSPITALITY INTERNSHIP, 3 Credits
Students are required to complete this internship so that OSU and the sponsoring company can offer a platform from where students can apply the management concepts learned in class and acquire the necessary hands-on experience in a hotel, restaurant/food service and/or tourism industry to eventually qualify for a supervisory or managerial level role.
Prerequisite: HM 101 with C- or better

HM 230, LODGING MANAGEMENT, 4 Credits
Provides a comprehensive introduction to the management of hotels and lodging properties. Focuses on operations, service, management and financials of the lodging industry.
Prerequisite: HM 101 with C- or better
HM 235, HOSPITALITY LAW AND LABOR RELATIONS, 4 Credits
Provides insight into the laws and regulations governing the hospitality industry with an emphasis on labor relations and human resources best practices. Addresses the general concepts of tort, contracts, liability, risk management, employment practices, licensing and insurance needs. Explores the legal issues that today’s hospitality professionals face such as privacy, labor laws, the common law system for innkeepers and newer hospitality products in the shared economy such as AirBnB or VRBO.

HM 240, HOSPITALITY COST CONTROL, 4 Credits
Introduces the basic techniques and control procedures used in the hospitality industry to maximize profit and minimize costs. Examines and discusses methods employed to protect and uphold the investors/owners strategic financial goals. Students will focus on all aspects of hospitality control objectives; from food and beverage costs, purchasing, labor costs, menu pricing, establishing room rates, cash flow, theft and loss prevention, to computer applications. The principles of effective budgeting, important hospitality financial ratios and the factors that determine hospitality profitability will also be reviewed.

HM 310, INTERNSHIP II, 3 Credits
Hospitality Internship II builds on the knowledge students have gained from their course work internship (HM 210). Students are required to complete this internship in a hotel, restaurant/food service and/or related hospitality sector. In cooperation with OSU and the sponsoring company, students will apply the HM concepts learned in class to a real-world business environment.

HM 320, SERVICE AUTOMATION AND TECHNOLOGY, 4 Credits
Students discover the basic concepts of hospitality technology and service automation. The hospitality industry continues to see significant changes in all facets of business due to changing customer expectations, new and cheaper technology, and a challenging labor market. The result of these forces has led the hospitality industry to increasingly turn to automation of basic job tasks to stay competitive. Examines new technologies shaping the hospitality industry and how industry leaders are taking advantage of these new technologies to improve efficiency and service.
