The International Business option prepares students for positions in organizations engaged in international trade. Students study the economic, political, geographical, and socio-cultural factors that impact business across national boundaries. Areas of greatest opportunity for overseas assignments are with service organizations such as banks, consulting firms and accounting firms; with import/export firms; with governmental organizations; and in marketing and financial management areas of multinational firms. A career in international business can lead to exciting and rewarding opportunities abroad.

Students must earn this option with one term of study abroad through an approved College of Business international exchange. Courses in these programs are taught in English.
