

PRE-INTERIOR DESIGN

Newly admitted students to OSU and all current OSU students who seek to complete an undergraduate design degree program offered by the College of Business (COB) are designated as pre-design majors. The pre-design program requires completion of courses within the first and second year (see core curriculum below) that build a solid foundation for the upper-division design curricula. These courses must be completed before the student is eligible for admission to the professional design program. The pre-design course work may be completed at OSU or any accredited college or university that offers equivalent courses transferable to OSU.

First Year

Students entering OSU on the Corvallis campus as their first college experience are required to participate in Innovation Nation, the College of Business Living-Learning Community (LLC). These students will complete a three-course sequence during their first year.

Students who transfer to OSU from another academic institution will complete BA 101 BUSINESS NOW and BA 170 BUSINESS INSIGHTS

All other students, including students completing their degree via OSU Ecampus and current OSU students who are changing their major to design, will complete BA 101 BUSINESS NOW
