

# CIVIL ENGINEERING GRADUATE MINOR

---

The School of Civil and Construction Engineering offers graduate minor degrees in Civil Engineering. The Graduate minor in Civil Engineering is for masters and doctoral level students who seek additional formal training and mentoring in civil engineering.

For more information, contact the CCE Graduate Program Coordinator, 541-737-4934, or [cce.school@oregonstate.edu](mailto:cce.school@oregonstate.edu)

**Minor Code: 3060**

Master's program minors must include a minimum of 15 quarter credits of graduate course work as approved by the minor faculty advisor. Doctoral minors must include a minimum of 18 quarter credits of graduate course work as approved by the minor faculty advisor. Additional credits may be required as determined by the minor faculty advisor or advising committee.

CCE coursework in the minor should be selected in concert with Minor Professor.
