

COMPUTER SCIENCE GRADUATE MINOR

A Computer Science minor can add additional technical skills to a graduate degree. The flexibility of requirements allow students to tailor the interests to the skills they feel are necessary and complementary to their current graduate degree.

Minor Code: 3070

- CS 515 or another graduate-level algorithms course with permission of the minor advisor
- CS graduate courses or graduate courses crosslisted with CS graduate courses to meet the minimum credit requirement per degree:
 - Masters degree requires 15 credits
 - PhD degree requires 18 credits
- A cumulative, minimum GPA of 3.0 across all minor courses

Minor Code: 3070
