

INDIVIDUALIZED SPECIALTY OPTION

This option is offered within the following major(s):

- Natural Resources - College of Forestry (<http://catalog.oregonstate.edu/college-departments/forestry/forest-ecosystems-society/natural-resources-bs-hbs>)

Also available at OSU-Cascades and via Ecampus.

Student Designed Specialty Option

Minimum of 40 credits with 20 credits of upper-division credits required.

A specialty option is a required part of the Natural Resources major that allows the students to develop depth and focus in a particular area of natural resource management.

The Individualized Specialty option is a student-designed option that allows a student to tailor their academic program to specific goals or interests. In consultation with their academic advisor, students will develop a program of study that meets their goals, as well as program requirements. Students should contact their assigned academic advisor for information on developing an Individualized Specialty option.

Option Code: 676
