

ARTS, MEDIA, AND TECHNOLOGY MINOR

Available only at OSU-Cascades.

The Arts, Media, and Technology program prepares individuals for careers as creative professionals with diverse and adaptable skillsets, ready to address the opportunities and challenges of the 21st century. In addition to traditional art students, this program is designed to attract artists, designers, makers, tinkerers, and builders - those with unorthodox perspectives and unconventional approaches to technology. This minor complements various other programs that may attract like-minded students.
