Students earning a Latin American Affairs certificate will have gained a broad knowledge and understanding of the history and current situation in Latin America. The program allows students with majors in any discipline to complement their professional studies; certificates are awarded concurrently with the undergraduate or graduate degree.

Course work is drawn from several departments and schools, primarily in the College of Liberal Arts. Interested students should contact the program director early in their academic careers in order to plan their schedules.

The course of study consists of a minimum of 30 credits: 9 credits of required core courses, and 21 credits of appropriate electives. In addition, the student must have proficiency in Spanish or Portuguese equivalent to that attained by the end of the third-year language sequence, as certified by the School of Language, Culture, and Society, or by placement scores.

**The minimum of 30 credits of approved courses must include:**
