

GLOBAL HEALTH GRADUATE OPTION

This option is offered within the following major(s):

- Public Health - College of Public Health and Human Sciences (<http://catalog.oregonstate.edu/college-departments/public-health-human-sciences/public-health-mph-phd>)

The Global Health graduate option of the MPH program prepares students for public health leadership roles in international health, with an emphasis on health development for those in middle- and low-income nations. Courses focus on understanding complex issues, problem solving and developing analytical skills to critically view global health issues in order to promote progressive, comprehensive, sustainable and equitable community ownership of health development. As part of this interdisciplinary program, students acquire wide-ranging knowledge of international health while also developing an individually designed specialization.
