

PHYSICAL ACTIVITY GRADUATE OPTION

This option is offered within the following major(s):

- Public Health - College of Public Health and Human Sciences (<http://catalog.oregonstate.edu/college-departments/public-health-human-sciences/public-health-mp-h-phd>)

The Physical Activity graduate option of the MPH program is designed primarily for those future professionals interested in the science of physical activity and its application in populations. This option prepares physical activity program specialists for a variety of careers that involve developing, implementing, and evaluating community-based programs designed to promote physically active lifestyles. These careers are in state and local health departments; federal agencies; Extension offices; prevention research centers; professional, commercial, and nonprofit organizations; worksites; and schools.
