BIOLOGY MINOR

Also available at OSU-Cascades and via Ecampus.

Administered by the Department of Integrative Biology under the School of Life Sciences.

Minor Code: 509

Students majoring in Biochemistry and Biophysics, Biochemistry and Molecular Biology, Biohealth Sciences, Biology, Botany, Microbiology and Zoology cannot declare the Biology minor. The courses below may be shared with other majors outside of those listed above.

The Biology minor includes a required introductory biology sequence with a chemistry prerequisite or corequisite for the second term of each series. A term of organic chemistry, CH 331 or CH 334, is required to take BB 314 and some of the listed physiology courses. A C– or better in the BI 2xx series is required to complete the minor.
